The Used Games Marketplace is a peer-to-peer resale space operated by Pantheon Events ("Pantheon") as part of WinCon 2026. Pantheon provides the venue, staffing, and point-of-sale process; individual submitters ("Submitter" or "you") remain the owner and seller of record for each item until it sells.

3. Ownership, Risk & Release of Liability

By submitting items to the Used Games Marketplace, you confirm that:

- You are the lawful owner of each submitted item, and it is free of any lien, claim, or ownership dispute.
- You are voluntarily leaving your item(s) in the Marketplace space at your own risk.
- Pantheon Events, its organizers, staff, and volunteers are not responsible for loss, theft, damage, or any other harm to submitted items while in the Marketplace, in transit within the venue, or in storage, however caused, including by the negligence of Pantheon, its staff, or volunteers, except where such liability cannot be excluded by law.
- Pantheon does not carry insurance on submitted items, and Submitters are encouraged to carry their own insurance if desired.
- Pantheon reserves the right to decline or remove any item from the Marketplace (e.g., items that are counterfeit, hazardous, or otherwise inappropriate for the event).

4. Fees

Submission Fees (due at submission):

- **\$1 per day per game or bundle (only charged if game sells)**

To reduce costs to you, you may bundle games together as a single “item” for sale. Bundles cannot be unbundled without resubmitting each game.

5. Pricing

You set the daily sale price for each item you submit, listed on the Item Submission List in Section 6 and on the sale tag that you affix to your game or bundle (available at pantheonevents.ca or the marketplace booth). Prices are final once submitted. Pantheon staff will sell items at the listed price and will not negotiate or discount on your behalf. Daily prices take effect at convention open each day.
